

To enable improved social distancing, **Undercover Events** are now offering scaled-down corporate marquees across the UK. Starting at 3m x 3m, these mini-marquees are available for short term hire at a competitive rate.

Create a temporary space from just £50 a week

Our mini-marquees are ideal for businesses that are planning to re-open over the coming weeks. They can be erected on hardstanding or grass to enable safe social distancing for staff and customers.

Frame marquees offer an entirely enclosed space with added extras such as flooring, lighting and air conditioning.

Chinese hat marquees provide covered spaces with open sides. They can be erected in groups to fit any space and are available in multiple colours to match your brand.

Easily enable social distancing
